NOTE TO DETAILER: REMOVE  
DETAILS THAT DO NOT APPLY.

NOTES:  
1. Slab drains may be fabricated of either 1/2" or 3/4" welded galvanized steel or ASTM A109 galvanized steel.  
2. Slab drains bracket assembly shall be ASTM A109 galvanized steel.  
3. Drain hole dimensions of drain are 8" x 4".  
4. Locate drains in slab by dimensions shown in Part Section Near Drain.  
5. Drains shall be located in field where necessary to prevent water from accumulating in the slab.  
6. The drain hole for the bracket assembly shall be located in accordance with ASTM A123.  
7. All drains, including bracket, shall be fabricated of galvanized steel in accordance with ASTM A109.  
8. Shop drawings will not be required for one slab drain and the bracket.  
9. The drain hole for the bracket assembly shall be located in accordance with the plate driver assembly.
